The safety device (non-return valve / check valve) GRV32:

Type GRV32 for protection of pipelines, tapping points and equipment

The safety device GRV32:
- avoids dangerous gas mixtures by a gas non-return valve (NV)
- a dust filter protects the gas non-return valve against contamination
- every safety device is 100% tested
- all metal components in brass 2.0401 / spring 1.4310

Safety elements of the IBEDA non-return valve GRV32:
- NV Gas non-return valve

Additional features:
- DF Dust filter

Maintenance:
The safety devices are to be tested by a qualified and authorised person at regular intervals according to country specific regulations. The safety device is to be tested for gas tightness and gas return at least once a year.

It is not allowed to open the safety devices.

The dust filter may be replaced by a qualified person.

Technical Data:

Safety device GRV according to DIN EN ISO 5175-2: not flashback resistant, not flashback proof

- G1 1/4 - 1 1/4NPT: 60 mm 100 mm 1.2 kg
- G1 - 1NPT: 60 mm 95 mm 1.1 kg

Application: Heating burner, gas mixing- and control systems, applications according to EN 746-2

Other materials, surface finishing, gas types and additional connections available on request.

F = Female, M = Male
Example flow rate type: GRV32 G1 1/4 RH F/F. Values for other connections on request.

Declaration of conformity

We, the manufacturer, hereby declare that the safety devices in accordance with the requirement of the following directives and standards

Standard: DIN EN ISO 5175 Part 2

Safety devices in accordance with DIN EN ISO 5175-2 for combustible or oxidising gases (group 1), Model GRV, are subject to the conformity assessment procedure pursuant to Pressure Equipment Directive 2014/68/EU, Category I, Module A.

Conversion Factors:
10 kPa = 100 mbar = 0,01 MPa = 0,1 bar = 1,45 psi
1 m³/h = 35,31 cu ft/h

Example:

\[ QG = QD \times F \]

\[ \text{QG} \to \text{P} = 70 \times 0,9 = 63 \text{ m³/h C}_2\text{H}_6 \]

Certification / Technical Standards / Rules

BAM Federal Institute for Materials Research and Testing, DVGW German Technical and Scientific Association for Gas and Water, DGUV German Health and Safety Regulations, DVS German Association for Welding, Cutting and Allied Processes, TRBS German Technical rules for operation safety.
